

EPEC COURSE

EMERGENCY PHYSICIAN'S ECG COURSE (EPEC) ORIENTATION

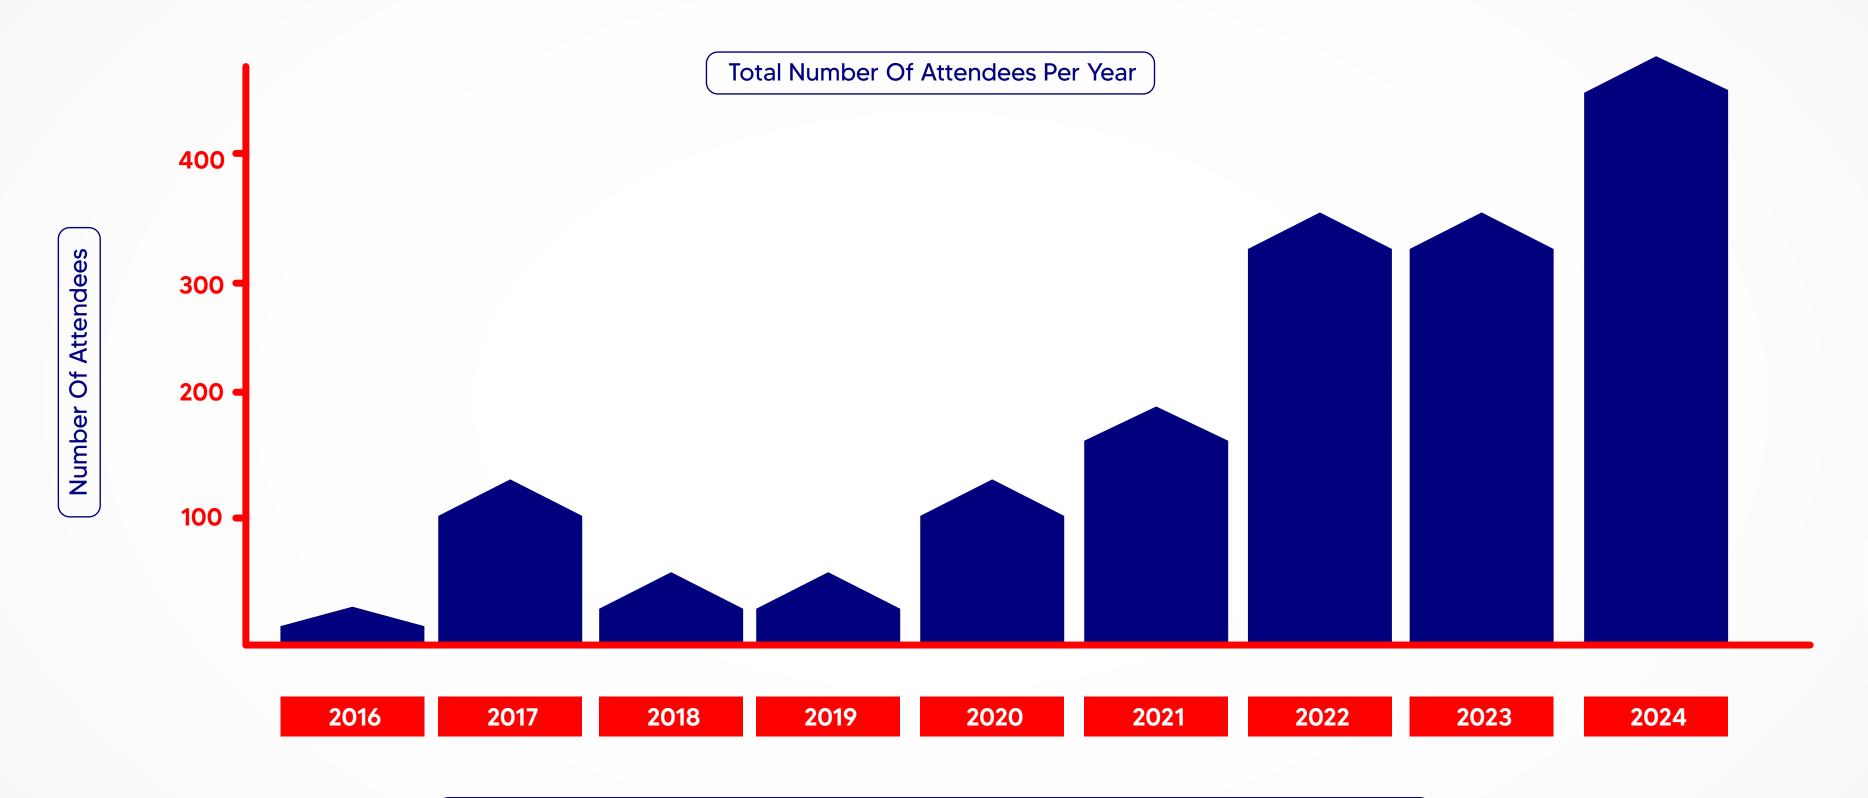

MB BCh, PGDIP, EgFEM, MRCEM, EBEEM, FRCEM

- Emergency Medicine Consultant and Clinical Educator in the UK, with 20 years of medical experience and multiple awards in medical education events.
- Emergency Department lead for Cardiology and Medical Training Initiative, UK.
- Examiner in the Royal College of Emergency Medicine (RCEM), UK.
- RCEM advisory consultant for improving EM training in developing countries.
- Co-director of the Global Network of Emergency Medicine (GNEM) Education and Simulation Academy.
- Works with the European Society of Emergency Medicine (EUSEM) on developing a Quality & Safety in EM fellowship program.
- Instructor in the European and UK Resuscitation Councils.
- Regular keynote speaker at many international conferences.
- Mentor for the "Focused Acute Medicine Ultrasound (FAMUS)", Society of Acute Medicine, UK.
- Founder of the "From Zero to Hero In ECG" Courses.
- Founder of the "Emergency Physician's ECG Course (EPEC)".
- Founder and Chairman of the annual "Emergency Physician's International Conference (EPIC)".
- CEO of the "From Zero to Hero in Medical Education LTD", UK, which is the sole provider of the EPEC courses.

- 1 HISTORY
- 2 WHY EPEC IS UNIQUE?
- TARGET AUDIENCE
- 4 FORMATS
- 5 STRUCTURE
- 6 LEARNING MANAGEMENT SYSTEM
- ACCREDITATION
- 8 CERTIFICATE

35 courses in 6 countries over 9 years

2000 candidates from 100 institutions

- Clinically relevant
- Storytelling approach
- 350 thought-provoking ECGs
- Links with latest literature

- 75 interactive live questions
- High fidelity LMS
- Accredited with certificates

EPEC is an advanced ECG interpretation course that focuses on the Emergency/acute setting cases.

SPECIALTIES

Emergency Medicine, Internal Medicine, Acute Medicine, Cardiology, Critical Care, Anesthesia, General Practice/Family Medicine.

PROFESSIONS

Doctors, Advanced Clinical Practitioners, Paramedics, Nurse Practitioners working in acute settings.

BLENDED LEARNING

Pre-course preparatory modules

- Basic ECG and ACS interpretation
- Syncope
- Arrhythmia
- Pulmonary Embolism
- Low Voltage ECG

Live Interactive Full day Course

- Advanced ACS
- Advanced Arrhythmia
- Non-Cardiac ECG
- Advanced Syncope
- Mimics in ECG

Post-Course Recordings

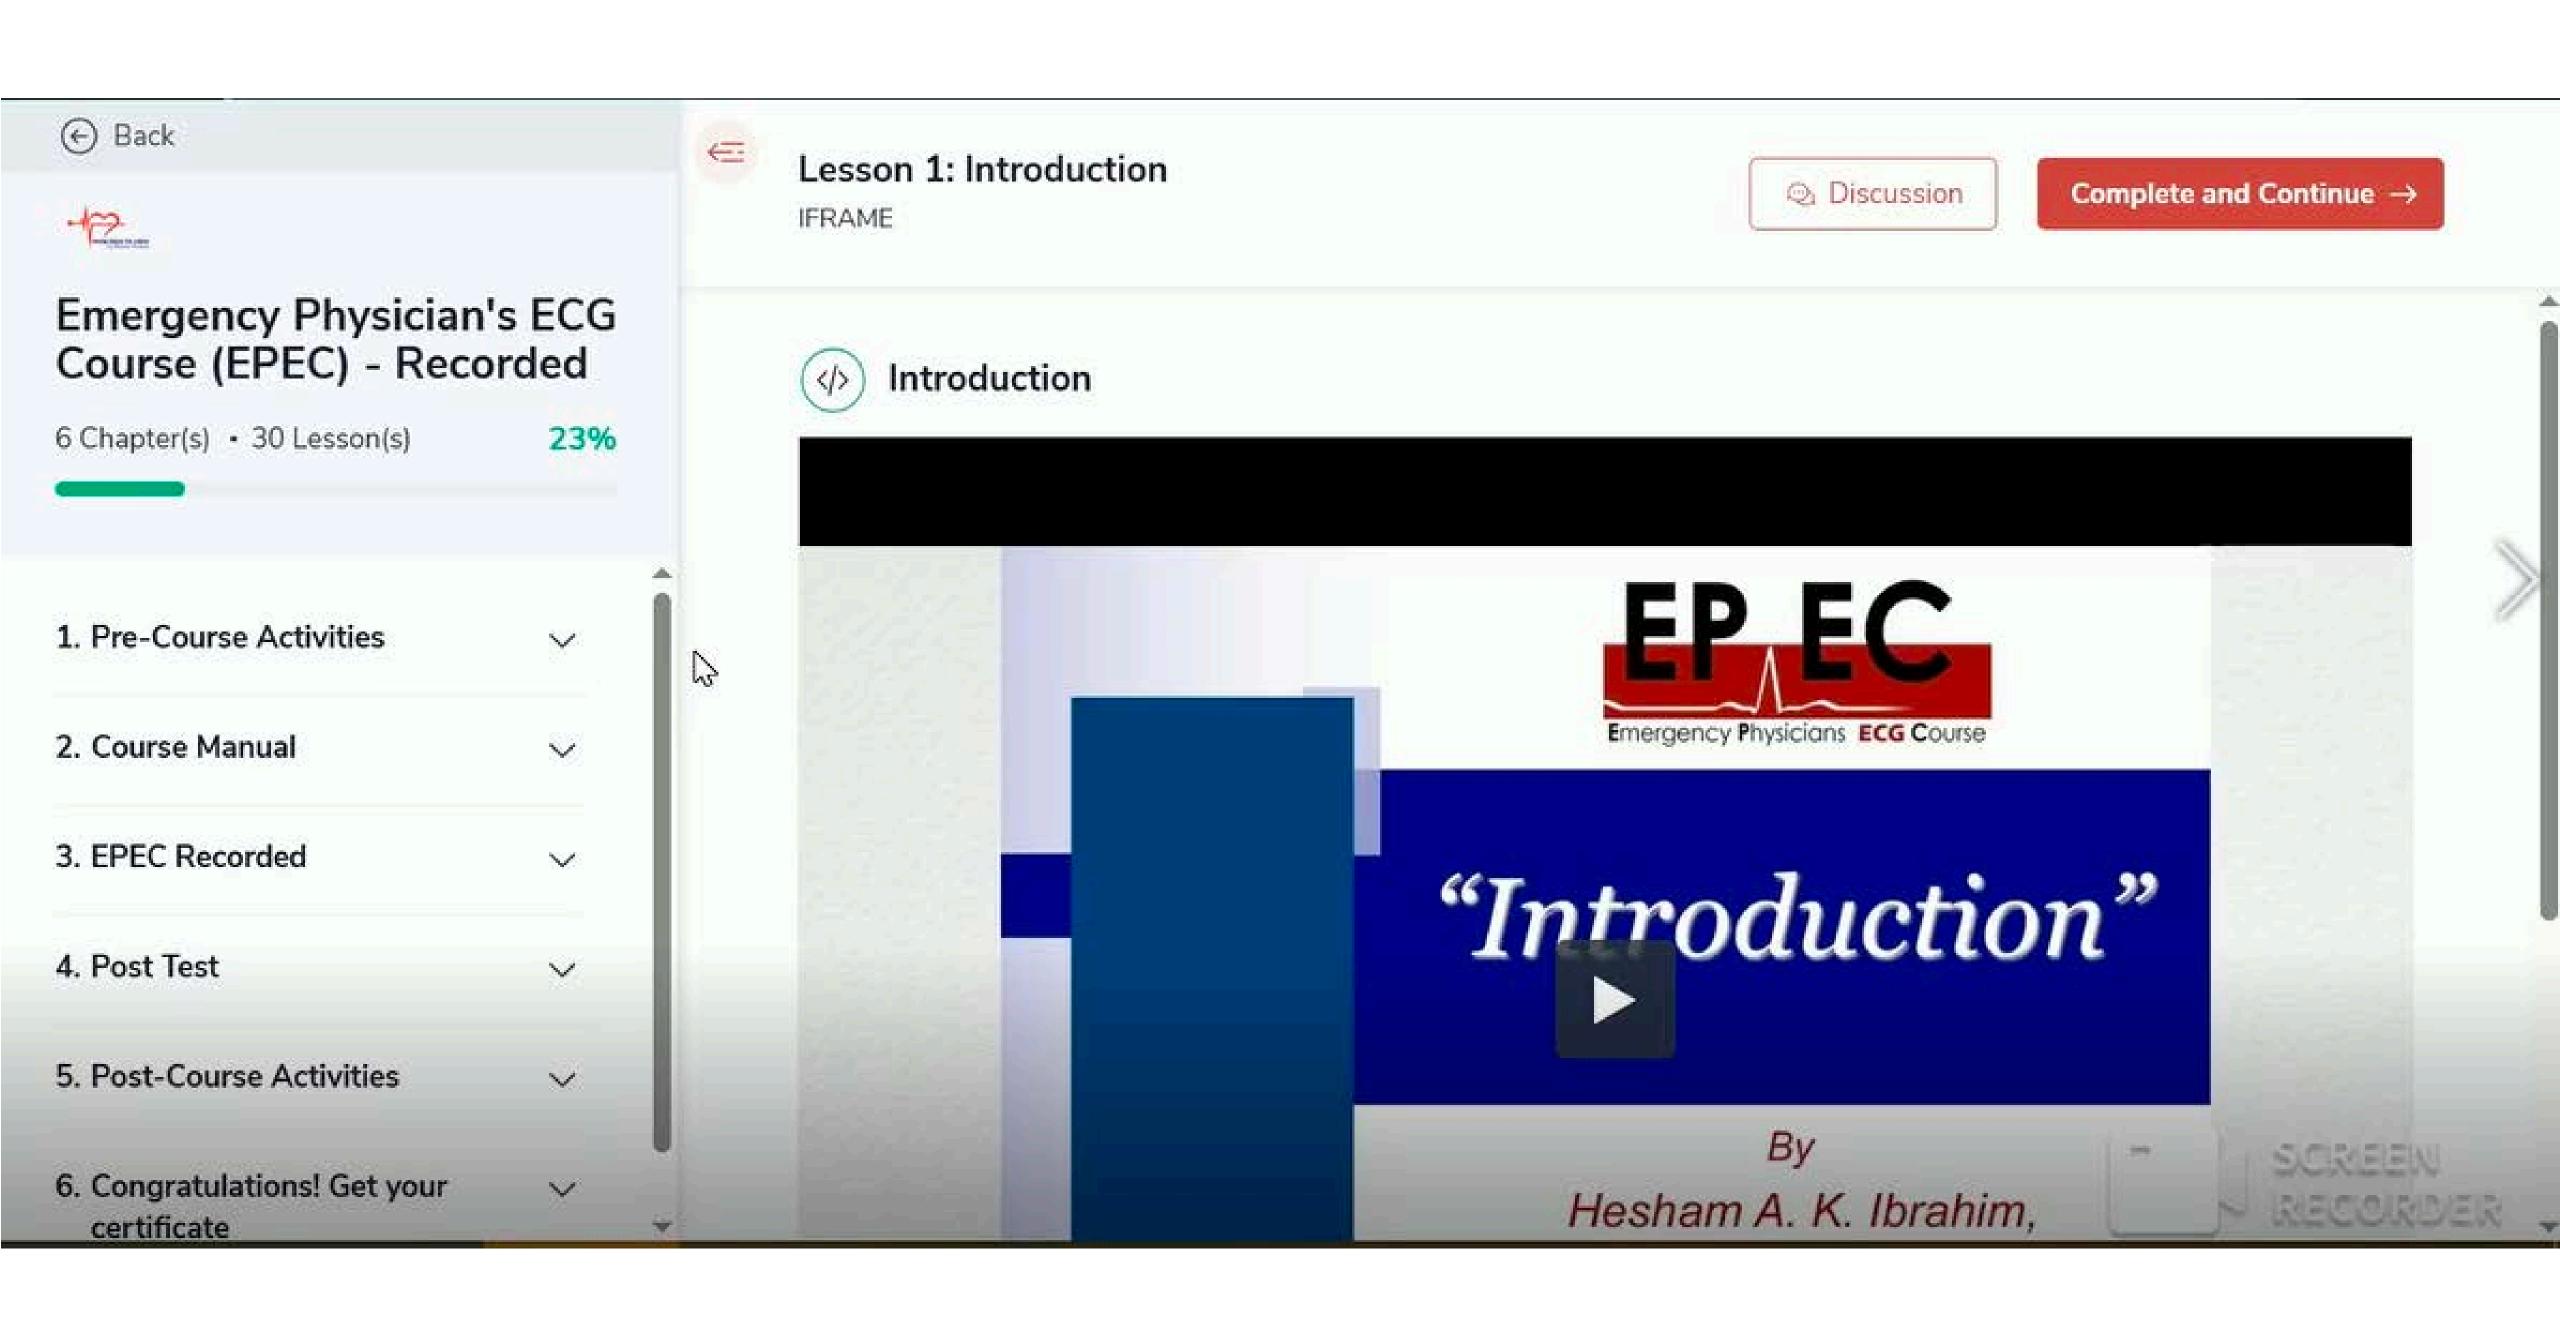

Stage 1: Pre-course preparation (~2 hours & 45 minutes)

NO.	Module	Number of Videos	Number of ECGs	Duration in minutes	Delivery
1	An approach to ECG interpretation.	1	1	15	Recorded
2	Basic ECG in Acute Coronary Syndrome (ACS).	6	6	40	Recorded
3	Syncope: Real-life cases.	4	4	60	Recorded
4	Advanced Arrhythmia.	4	4	15	Recorded
5	Let's meet MAT.	1	1	11	Recorded
6	STEMI vs PE: Real-life cases.	1	1	12	Recorded
7	Low voltage ECG.	1	1	13	Recorded

Stage 2: Interactive Live Course (Full day 9 hours)

NO.	Module	Number of ECGs	Number of Questions	Duration in minutes	Delivery			
1	Introduction.	_	_	10	Online Live			
2	Pre-test (self-assessment).	12	12	10	Online Live			
3	ACS ECG (1): Let's cover the basics.	16	6	55	Online Live			
	Break (5 minutes)							
4	ACS ECG (2): Think outside the box.	12	6	35	Online Live			
	Break (5 minutes)							
5	ACS ECG (3): Can you see the STEMI coming?	31	5	50	Online Live			
	Break (10 minutes)							
6	ACS ECG (4): It is LBBB, Can you see the - ischemia?	20	5	45	Online Live			
	Break (10 minutes)							
7	ACS ECG (5): An approach for ST elevation in ECG.	20	5	40	Online Live			
	Break (30 minutes)							
8	Tachyarrhythmia in special circumstances.	33	8	55	Online Live			
	Break (5 minutes)							
9	They might look similar.	39	5	55	Online Live			
	Break (10 minutes)							
10	Syncope.	24	7	50	Online Live			
	Break (5 minutes)							
11	It is NOT the heart this time.	28	5	55	Online Live			
12	Post-test (self-assessment).	12	12	10	Online Live			
	CLOSURE							

Bonus: Access to the recorded course for 1 month

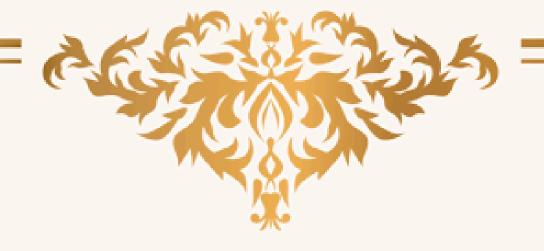

This course has been approved by the Federation of the Royal Colleges of Physicians of the United Kingdom for 8 category 1 (external) CPD credits

The course was recommended by the training directors/Education leaders of the following hospitals to the clinicians working in their Emergency Departments:

- Hull Royal Infirmary Hospital, United Kingdom.
- Hampshire Hospitals, United Kingdom.
- University Hospitals Dorset, United Kingdom.
- Al Bank Al Ahly Hospital, Egypt.

The course was also recommended by the Sri Lankan College for Emergency and Retrieval Medicine (a full member of IFEM) to Sri Lankan EM trainees.

CERTIFICATE

This is to certify that

Rawan Ali

Completed the recorded version of the "Emergency Physician's ECG Course (EPEC)" on

Sunday, Mar 23 2025
